

Software applications in CAUL-CBUA institution libraries - last updated May 13, 2009. To update send information to Rita Campbell rcampbel@stfx.ca						
Software	Acadia University	Atlantic School of Theology	Cape Breton University	Dalhousie University	Memorial University of Newfoundland	Mount Allison University
Course Management Software						
Type	ACME & Moodle	WEBCT	WEBCT	Blackboard	d2l (Desire2Learn)	WebCT & Moodle
Notes	ACME is locally developed and is scheduled to be phased out at the end of this academic year	We may be switching to Blackboard when SMU switches to it.	Moodle currently being trialled on campus, will likely become the main platform		Consortial package for ther province of NL (K-12, College & University)	WebCT is being replaced with Moodle. The transition is underway, and Moodle should be fully implemented by the fall.
Contact Information	Duane Currie (duane.currie@acadiu.ca)	McIllwraith, Director of Distributed Education. 496-7945	none	Administered by Dalhousie University Computing and Information Services.	Administered by Distance Education and Learning Technology unit	Administered by the Purdy Crawford Teaching Centre. Contact Mr. Toni Roberts.

Software applications in CAUL-CBUA i						
Software	Mount Saint Vincent University	Nova Scotia Agricultural College	NSCAD University	Nova Scotia Community College	Saint Mary's University	St. Francis Xavier University
Course Management Software						
Type	Moodle	WebCT			Blackboard & Banner-Course Tools	Blackboard & Moodle
Notes	Recently moved from WebCT to Moodle		No CM software		Moving from WebCT to Blackboard via SC Banner, early in 2009.	The University TSG is running Blackboard for a number of courses, including the distance education courses but doesn't have a campus wide license. University wide implementation of Moodle for fall 2009/01. Library created a "librarian" role in Moodle.
Contact Information	Administered by the Distance Learning Department					Lise Brin lbrin@stfx.ca; Brad Dewar bdewar@stfx.ca

Software applications in CAUL-CBUA i					
Software	Université de Moncton	Université Sainte-Anne	University of King's College	University of New Brunswick	University of Prince Edward Island
Course Management Software					
Type	Desire2Learn			Blackboard (WebCT 6)	Moodle
Notes	We are planning to get in touch with the Course Management Software Team in order to discuss the integration of library resources.		Our faculty and students have access to Dalhousie's Blackboard Learning System		
Contact Information	hector.alvarez@umoncton.ca / Victoria Volkanova: victoria.volkanova@umoncton.		Administered by Dalhousie University Computing and Information Services.	Adam Baker adam@unb.ca	Kent Villard kvillard@upe.ca

Federated searching						
Type	ASIN Single Search: Currently evaluating upgrades to Muse Global single search: WorldCat Local is being deployed in the Spring of 2009.	ASIN Single Search	ASIN Single Search		ASIN Single Search: Currently evaluating upgrades to Muse Global single search: WorldCat Local is being deployed in the Spring of 2009.	ASIN Single Search
Notes	Single Search is prominently displayed on the Library's main page, searching through all major sources. We also have SS boxes on each subject page, searching through subject specific sources.				Modified SingleSearch default database list so that individual resources are hyperlinked to the native interfaces. Saint Mary's has a second instance of SingleSearch to be used for searching library catalogues exclusively.	
Contact Information	Stan Orlov: stan.orlov@msvu.ca	Erin MacPherson, emacpherson@nsac.ca	Kit Clarke, Interim Acting Director of Library Services		Peter Webster	Lisa Schuyler Ischuyle@stfx.ca

Software	Université de Moncton	Université Sainte-Anne	University of King's College	University of New Brunswick	University of Prince Edward Island
Federated searching					
Type	ASIN Single Search	ASIN Single Search		ASIN Single Search	ASIN single search for now
Notes	Not "live" yet		Will be implementing WorldCat Local in Spring 2009		Expect to move to either EBSCO's new product or dbwiz (open source, hosted by SFU, part of the ReSearcher package along with CUFTS and Godot)
